

ANKIT KUMBHKAR

B.Tech. - Artificial Intelligence & Data Science

☎ +91-9009136687 ✉ ankitkumbhkar22@gmail.com 🔗 [linkedin.com/in/ankit-kumbhkar-41a029291](https://www.linkedin.com/in/ankit-kumbhkar-41a029291)

Summary

Motivated and detail-oriented B.Tech student specializing in AI & Data Science, with strong skills in Python, Machine Learning, Django, and web development. Interested in building efficient and scalable software solutions while continuously learning and contributing to real-world projects.

Skills

Python, Web Development, Machine Learning, Deep Learning, Django/Flask, Git, Github, AWS Fundamentals

Education

Sagar Group of Institutions - SISTec

2022-2026

B.Tech. - Computer Science & Engineering (Artificial Intelligence & Data Science) - SISTec GN

CGPA: 7.22 / 10

Friends Public H S School, Guradiya Verma, Ashta

2022

12th — MPBSE

Percentage: 71.40 / 100

Friends Public H S School, Guradiya Verma, Ashta

2020

10th — MPBSE

Percentage: 87.5 / 100

Projects

Car Price Prediction

- **Key Skills:** Python, Machine Learning, Pandas, NumPy, Linear Regression, Django
- Developed a machine learning model that predicts the selling price of used cars based on features such as model, year, mileage, fuel type, transmission, and engine capacity. The system performs data preprocessing, feature engineering, and model training to generate accurate selling price predictions.

Student Admission and Fee Management System

- **Key Skills:** Python, Flask, HTML, CSS, Javascript
- Student Admission and Fee Management System is a website that helps colleges to easily manage student admissions, course details, and fee payments with proper records, discounts, and reports.

Brain Tumor Detection System

- **Key Skills:** Python, VGG16, OpenCV, TensorFlow/Keras, Deep Learning, Flask
- Developed an automated system to detect brain tumors from MRI images. The model analyzes medical scans, extracts features, and classifies tumor types such as Glioma, Meningioma, Pituitary Tumor, and Normal (No Tumor) with high accuracy.

Awards & Certifications

- **AWS Academy Graduate - Machine Learning Foundations Training Badge:** Completed AWS Academy training on Machine Learning Foundations, gaining hands-on knowledge in ML concepts, workflows, and AWS tools for implementing machine learning solutions.
- **Samadhan 1.0:** Participated in the "Two Days National Level AI Innovation Hackathon - Samadhan 1.0" at SISTec, collaborating on innovative AI solutions to real-world problems.
- **Python Development Essentials:** Awarded for completing the Python Development Essentials course on Udemy, gaining skills in coding, Python libraries, and core concepts.
- **Data Structure and Algorithms In C (DSA):** Awarded for completing the Data Structures and Algorithms in C course on Udemy, with knowledge of arrays, linked lists, stacks, queues, trees, sorting, searching, and algorithm design.
- **Salesforce Trailhead Badges:** Completed Salesforce Trailhead badges covering CRM fundamentals, cloud computing basics, and AI concepts. Gained hands-on knowledge of customer relationship management systems and Salesforce ecosystem.

EXTRA CURRICULAR ACTIVITIES

Volunteered in college technical events and coordinated student activities.

PERSONAL INTERESTS / HOBBIES

- **Photography**
- **Video Editing**
